PETITION FOR RULE MAKING

Your Christian Companion Network, Inc. ("YCCN"), licensee of noncommercial educational FM Broadcast Station KYCC, Stockton, California, through its attorneys and pursuant to Sections 1.401 and 1.420 of the Commission's Rules as well as Public Notice DA 03-2990, released September 30, 2003, hereby requests that the Table of Allotments for FM Broadcast Stations, Section 73.202 (b) of the Commission's Rules, be amended as follows:

<u>City</u>	<u>Present</u>	<u>Channel No.</u> <u>Proposed</u>
Hailey, Idaho	294C	294C*

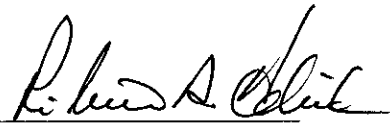

In support of such request to change the Channel 294C allotment at Hailey, Idaho (U.S. Census population 6,200), to a reserved noncommercial educational ("NCE") allotment, the following is set forth.

1. Attached is the engineering statement of Keith J. Leitch demonstrating that, from the transmission site proposed by YCCN, it is precluded from using any reserved Class C educational frequencies to serve Hailey. From the proposed transmission site 35,711 persons would be encompassed by the 1 mV/m signal strength of which more than ten percent of such population would receive a first and/or second NCE radio service.

No. of Copies 014
Listed 7m-4MB
03-455

2. Should this petition for rule making be adopted, YCCN will file an application for the requested reserved channel.

YOUR CHRISTIAN COMPANION NETWORK, INC.

Engineering Statement in Support of
Petition for Rulemaking to change Hailey, ID 294C to Noncommercial
Educational Allotment 294C*

NARRATIVE STATEMENT

I. GENERAL

This engineering statement has been prepared on behalf of Your Christian Companion, Inc. The purpose of this statement is to support the amendment of Hailey, ID 294C to NCE 294C*

II. ENGINEERING DISCUSSION

The applicant proposes serving the community of Hailey, ID from the current site of KBSS Sun Valley, ID at 43-38-36-N by 114-23-49-W at a Height Above Average Terrain of 570 meters as a Class C station at 100kW. From this established site, there are no open Class C educational frequencies to cover the area proposed. From this site a population of 35,711 people would be covered, greater than 10% of which would receive new second NCE service. A significant population will also be receiving their first NCE service.

III. TECHNICAL STUDY

The applicant is precluded from specifying any other educational frequency as shown in the following allocation study:

Channel 201 (88.1 MHz Class C) at 43-38-36.0 N, 114-23-49.0 W.

IV. SUMMARY

The applicant wishes to bring new NCE service to Hailey, ID and is precluded from specifying a channel between 201 and 220. Therefore, the applicant is petitioning the Commission to change vacant allotment 294C at Hailey, ID to NCE allotment 294C* for Hailey, ID.

Upon approval of this settlement agreement between the applicants, the FCC's Table of Assignments will reflect the following:

<u>City</u>	<u>Channel</u>
Hailey, ID	294C*
